# About Satluj

Satluj Group of Schools is recognised for its perfect mixture of tradition and modernity in education. It is Ranked No.1 in Haryana and No. 3 in India by reputed educational ranking organisations such as DigitalLEARNING, EducationToday and The Times of India & a 'Great Place to Study' in India and the World at the House of Commons, United Kingdom (UK) Parliament.

With a legacy of over to 49 years, Satluj has been recognised as a trail-blazer in innovative educational pedagogies. In the tricity region of Chandigarh, Panchkula and Mohali, Satluj has the largest land area and has always been the first to adopt new technologies, such as Virtual Reality (VR), Augmented Reality (AR), Mixed Reality (MR), Artificial Intelligence (AI), 3D Printing, IoT (Internet of Things) and, now, Blockchain. We're the only school in India, and probably in Asia and the world, to have an in-house, full-time Innovation Department whose sole objective is to find out latest trends in education, teach students future-ready skills (such as creating AI for self-driving cars), and training our faculty to keep them up-to-date with latest education trends.

There are 15 autonomous, independent institutions under the Satluj umbrella. Many members of our alumni association, called Satluj Heritage Association (SHA), are placed in leadership positions in Fortune 500 companies and are entrepreneurs, bureaucrats, politicians, authors, artists, etc in senior capacities.

# A Legacy of Over 49 Years

In the year 1973, Sh. Pritam Singh Serai, Founder & Chairman of Satluj Group of Schools, was a Professor of Education at the University of Reading, United Kingdom (UK). Being one of the few Indian Professors teaching in any foreign university of the time, he was invited by eminent bureaucrats, judges, lawyers, politicians and police people to open a minority-centred school in the heart of north India, Chandigarh.

He did just that. But, destiny had more in store for him and generations of students thereafter.

A year after delivering the school he committed to his invitees, he felt the urge to educate students in his own way with the simple motto of 'You Shall Live With Effort', which highlighted various principles of a successful life he had learnt throughout the years—from his humble beginnings in a village in Punjab, to his travels throughout the world shortly after India's independence in 1947.

Thus, in a one-room rented apartment, with three students, Satluj Public School took birth on 12th January, 1976. Being the first private, independent school in the Chandigarh region, Satluj, just like its namesake river and the largest in North India, grew to 14 bungalows and 3,000 students until 1979.

Every great journey starts with one vision, led by a visionary, but is carried through by the dedication, drive and sincerity of everyone involved.

Over the next 49 years, Satluj Group of Schools blossomed into an education tradition carried forth by thousands of Satlujians studying in 15 independent, autonomous campuses across India.

Having educated generations of the same families, Satluj has cemented its legacy as one of India's foremost educational institutions, which is evident by the numerous awards and rankings it is bestowed upon on a yearly basis. This includes being ranked No. 3 in India and No. 1 in Haryana by EducationToday and DigitalLEARNING; a 'Great Place to Study

in the World' at the House of Commons, British Parliament, United Kingdom and numerous international, national, state-level and district-level recognitions.

With over 30,000 members and counting, Satluj Heritage Association (SHA), is one of the region's largest alumni bodies. As a testament to the 'Satluj Way of Teaching', our alumni are studying in the world's best universities, including Oxbridge (Oxford, Cambridge Universities), Ivy Leagues (including Harvard, Stanford Universities) and numerous top Indian universities. Furthermore, due to the strong emphasis of leadership, entrepreneurship and inquisitively during school days, our alumni are heading Fortune500 companies, top entrepreneurs, bureaucrats and politicians, and top professionals.

It's an adage that a school is as good as its results. And that holds true for Satluj. With record-breaking academic scores, Satlujians are consistently amongst the top scorers in CBSE examinations, locally, regionally and nationally, with hundreds each year scoring more than 90% aggregate.

But, the might of Satluj doesn't stop there, as we can confidently say that Satlujians are every bit creative and

intrinsically-inclined towards the performing arts, fine arts and sports as much as they are towards academics. With our in-house programmes, Satlujians get a chance to grow holistically and explore their true potential.

Satluj is a perfect mixture of tradition and modernity. We have introduced 3D Printing Lab and compulsory classes in Innovation Lab in our curriculum. Technologies like – Artificial Intelligence (AI), Mixed Reality (MR), Virtual Reality (VR) and Blockchain have been amalgamated with our teaching methodologies. Learning therefore, has not only been made fun and interesting, but students thus are being trained for the future.

Satluj even has associations with several ivy-league universities. We provide with KET and PET courses from Cambridge University. We have tie-ups with leading universities of Europe, U.S and U.K like – University of Illinois, University of Kansas, University of Leeds, Durham University and many more, through Univelocity and StudyGroup.

Satluj believes not only building the educational base of the students but also ensuring that they have a successful future. We strive towards excellence in all our endeavours.

# Our Inspiration and Visionary Founder

## FOUNDER-CHAIRMAN, SATLUJ GROUP OF SCHOOLS

### LATE S. PRITAM SINGH SERAI

M.A. History, B.Ed

M.A. Education (University of Lancaster, U.K.)

Previously, History Master at William Morris High School, London

Professor of Education at Eastern Michigan University, U.S.A

Lecturer of Education at Berkshire College of Education, Reading, U.K.

Sh. Pritam Singh Serai, the founder Principal of GNPS (Gian Jyoti Public School) in 1973 and the visionary behind the Satluj Group of Schools established in 1976, epitomized the spirit of innovation and education. His remarkable vision, steadfast leadership, and unwavering dedication to excellence continue to inspire us all. As the architect of these educational institutions, Sh. Pritam Singh Serai remains a beacon of inspiration for those who dream big and strive to turn their aspirations into achievements. He will always be remembered as an exemplary role model, guiding us towards

### TO SIR WITH LOVE TRIBUTE TO OUR FOUNDER

**LATE S. PRITAM SINGH SERAI (10TH JANUARY, 1928 TO 10TH SEPTEMBER, 2019)  
LEGENDARY EDUCATIONIST.**

- Studied/Taught in UK/USA/India. Lakhs of students taught and much more inspired by Sir during his lifetime.
- Foreign Educated/World Traveller/Indian roots/Multilingual/True Nationalist/International outlook.

- Founder of Satluj Group of Schools 1976.
- Founder President of Independent Schools Association (ISA).
- Founder President Panchkula Public Schools Association (PPSA).
- Grand Bheesham Pitama of Tricity Education.
- Great Social Worker/Philanthropist/Humanitarian/ Environmentalist/Garden enthusiast/Fitness Enthusiast/Great Speaker/Wonderful humenbeing.

## Our Mission:

Satluj shall impart secular and ever-progressing to its students, and contribute to the upliftment of society at large

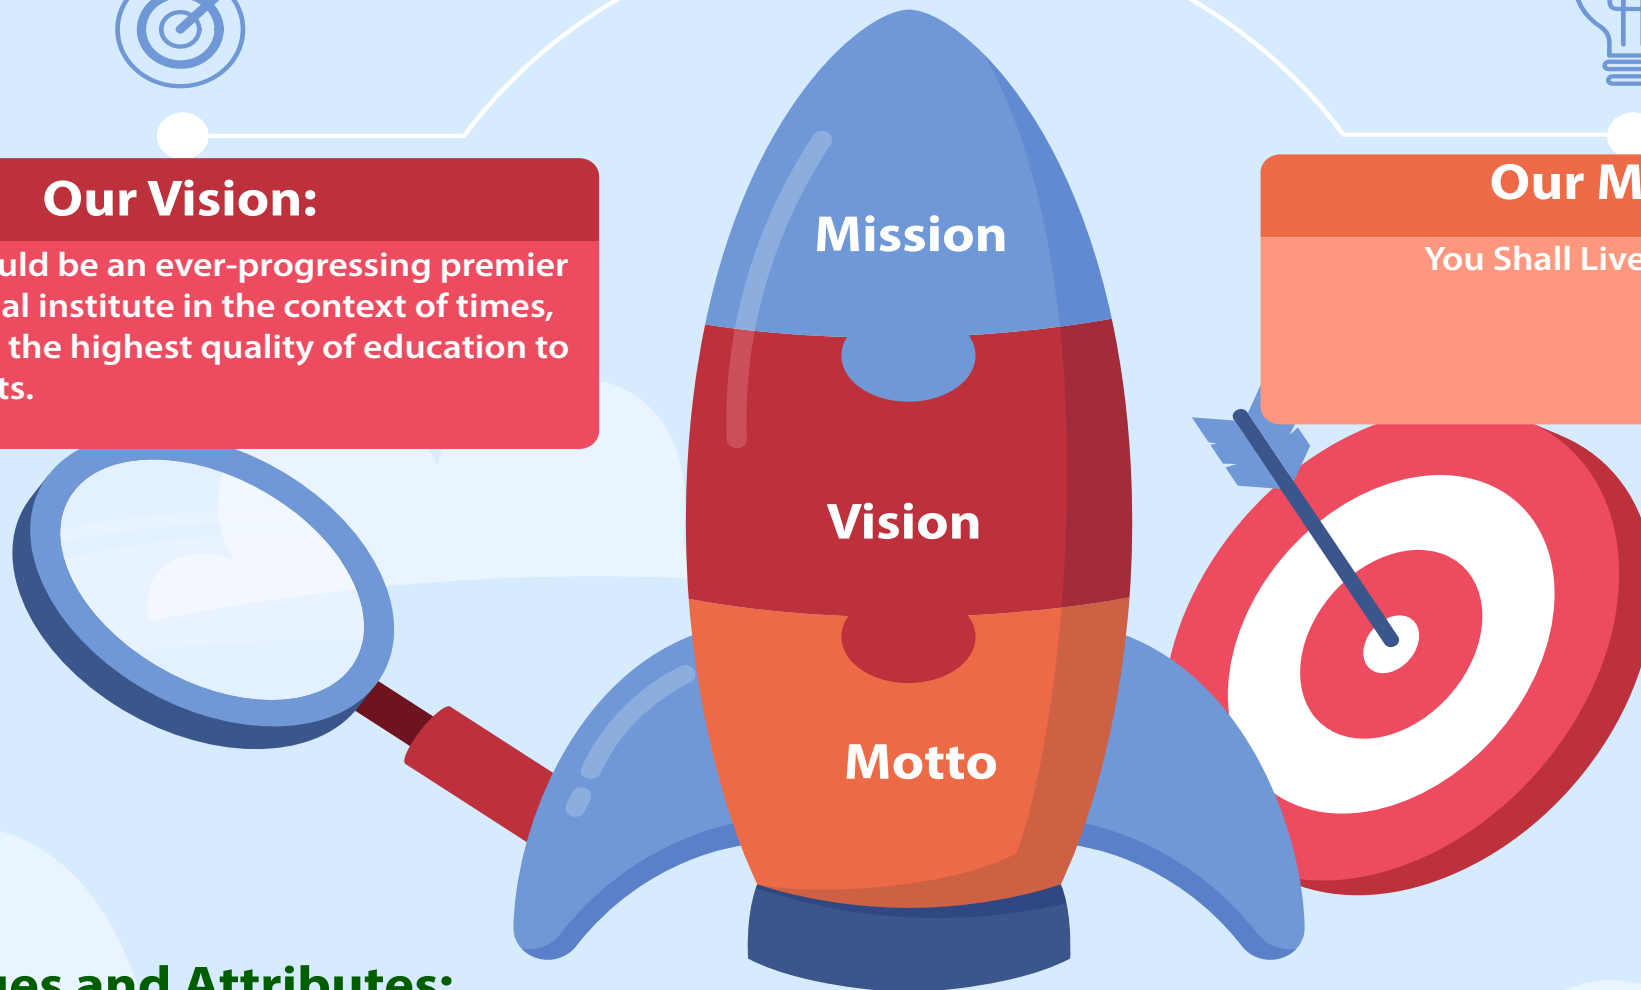

## Our Vision:

Satluj should be an ever-progressing premier educational institute in the context of times, imparting the highest quality of education to its students.

## Our Motto:

You Shall Live with Effort.

## Our Values and Attributes:

At Satluj Public School, we are committed to fostering a culture defined by our core values and attributes, which are aligned with our mission and vision. These values form the foundation of our educational ethos, guiding us towards excellence and holistic development. Embracing inclusivity, innovation, and community engagement, we empower our students to become ethical leaders with a global perspective. With a focus on integrity, adaptability, and empathy, we strive to cultivate a learning environment that encourages responsibility, creativity, and environmental stewardship. At Satluj Public School, we are dedicated to nurturing not only academic excellence but also the values that shape responsible and compassionate individuals."

- Excellence
- Inclusivity
- Innovation
- Community Engagement
- Environmental Responsibility

# Educational Vision

Everything starts with a thought. It is the genesis of all our actions. Our thoughts make us who we are. And we have the power to become what we think we want to be.

Cogito Ergo Sum in Latin by 17th century philosopher Rene Descartes, propounds that 'thinking is the essence of all existence. It inspires, drives and powers our quest to become more'. At Satluj, we empower students to take charge of their thinking.

# Satluj Public School

06

The requirements of education have changed considerably over the period of time, more-so over the last decade. The traditional teacher-led-class room & laboratory-centered learning is no more sufficient to cope with the fast paced changes prevailing across the world. Education systems need to be flexible enough to impart student-centric learning where focus should be on molding the young & impressionable minds for adding value to the future. Education at school level must necessarily, and spontaneously lead to character development and development of the children to the optimum.

The atmosphere at Satluj World School encourages learners to be leaders of tomorrow, to strive for group greatness and not merely individual excellence. With the innovative pedagogy of the school and the dedication to build children for greatness, the School is dedicated to create Innovative Learners, who can excel beyond the constraints of text-books and classrooms and bring glory to this great nation.

#### VISION AND MISSION

The quintessential holistic learning is the core of Satluj philosophy and pedagogy. Satluj acts to inspire, nurture and catalyze a process of self-discovery. Creating a platform

for children to think freely, it equips them with skills and resources to act, make informed choices and hence- lead. We nurture leaders of tomorrow.

These series of outdoors highlight the essence of Self-directed learning by capturing the process of learning, exploration and experience offered by our schools. Using that as a base, we shall highlight the process of active thinking to becoming that a child will go through. From asking questions- to finding answers, from exploring -to discovering and from doing -to creating; it takes the core of liberating minds of Satluj students forward.

Satluj World School encourages the spirit of curiosity inherent in each child to blossom into new ways of learning. As a child questions the world around, s/he begins to understand better. Questions lead him/her to further exploration and hence new discoveries. The process of learning is an experience of evolving/growing as a person. And the ability to make informed choices establishes him/her as a leader.

A Satluj student therefore is free to think and has the choice to become. Leadership begins at the level of the mind. And Satluj Schools help the student to unleash it in its full force.

# The Educational Philosophy

## **UNIQUE. UNCLUTTERED. UNINHIBITED. FEARLESS AND FREE.**

This is how each child is born. This is how each child is meant to be. Satluj Schools celebrates the potential inherent in each child as a unique promise for the future. We believe education is not to be taught or imposed; rather wisdom must blossom, from within.

## **LEARNERS FOR LIFE**

At Satluj, the student is at the core of all learning. Our teaching methodology opens up minds while preparing students to choose the pace and path of their learning. It inspires a thirst for knowledge and sets the stage for a lifetime of learning.

## **BEING MASTERS OF THEIR OWN DESTINY**

We are what we think. We become what we will ourselves to be. Our engaged pedagogy empowers young minds to realize who they are. It gives them the opportunity to become what they want to be. Students therefore, grow up to become masters of their destiny.

# of Satluj

## LIBERATED MINDS

Freedom empowers us to celebrate our essence and to direct our future journey. Our teacher-student connect creates the space and the freedom for students to learn and grow. It empowers hearts and liberates minds.

## STAY CURIOUS

Children are born curious. And this curiosity is the genesis of all learning, the driving force for research and scientific discovery. The School nurtures and harnesses this innate sense of curiosity through research labs, detailed curriculum plans and field trips etc. Students grow up ideating, innovating, learning and leading.

## FOLLOW YOUR HEART

To be free is to be fearless. It is to follow one's heart. Satluj creates the space for students to realize their true potential without fear or any restraints. Children grow up with the courage and the conviction to fulfil their dreams.

### **INNOVATION AND CRITICAL THINKING**

At Satluj we encourage curiosity and innovation. Our students are taught to think critically, solve complex problems, and adapt to new challenges, preparing them for a dynamic future..

### **COMMUNITY AND GLOBAL CITIZENSHIP**

At Satluj we instill a sense of community and global citizenship. Our students understand their role in making the world a better place through service, leadership, and awareness of global issues..

### **DIVERSITY AND INCLUSIVITY**

Satlujians celebrate diversity and inclusivity, fostering an environment where students of all backgrounds and abilities can learn, grow, and thrive together.

### EXCELLENCE AND EMPOWERMENT

At Satluj we strive for academic excellence, but we also empower our students with life skills, character development, and a sense of social responsibility. This holistic education equips them for success in an ever-changing world.

### LIFELONG LEARNING

Satlujians believe that learning is a lifelong endeavor. Our students are encouraged to become enthusiastic, self-motivated learners who continue to explore, discover, and contribute to the world.

# Satluj Curriculum

Be Free- Two small words but they make a world of difference to a child. At Satluj, we believe that freedom alone begets wisdom. It is the foundation, the first brick on which the quest for lifelong learning begins.

Our curriculum and learning environment therefore are created to offer this quintessential freedom. Learning at our

school goes beyond the three R's of old times- reading, writing and arithmetic- and focuses on the new R's- rigor, relevance, respect, results and relationships.

It is a journey to our roots, to the very core of our being. We, at Satluj, have been in the field of liberating minds for decades. We have a legacy of 48 years across 15 schools, with over

35,000 students who are our proud Alumni. Today, 30,000 students are studying with us. More than 2000 educationists are working with us. Creativity. Innovation. Know-how. Expertise.

We are looking at collaborating for sharing our expertise with

like-minded people who believe in freedom of choice, who wish to help make a difference to children’s lives across the country. We believe that our journey has just begun, where we want to empower children, help in liberating minds.

Join us in this beautiful journey.

SATLUJ GROUP OF SCHOOLS

# Leadership

**CO-CHAIRMAN, SATLUJ GROUP OF SCHOOLS**  
**DIRECTOR- PRINCIPAL, SPS, SECTOR 4 PANCHKULA**

## **MR. KRIT SERAI**

M.A. History, B.A. (Hons.) Geography,

M.A. Education (University of London, U.K.),

Previously, Governor and Year Head at Stockwell Park School, London Borough of Lambeth, London ;

Head of Department, London Borough of Hounslow, London.

## **MESSAGE**

Satluj has been known to be a legacy institute. We aim in providing quality education and create leaders of the future. We have a futuristic approach towards education and therefore provide state-of-the-art facilities to our students. Just gaining knowledge is not enough, we ensure holistic development of the children and make them future ready with our special blend of scholastic and co-scholastic disciplines. We aim to create a healthy environment with a perfect balance of best global educational pedagogies and technology. Our motto is to 'Live with effort' and that's exactly the type of quality that we instil in our Satlujians. With our futuristic outlook, we aim to build a strong nation for tomorrow.

**CO-CHAIRMAN, SATLUJ GROUP OF SCHOOLS  
DIRECTOR- PRINCIPAL, SPS, SECTOR 2 PANCHKULA**

**MR. GUR K SERAI**

PG Edu BA (Hons) B.Ed

University of Lancaster UK

Former Governor and Assistant Principal at the Crawford Academy, London Borough of Southwark, London, UK

Former Governor and Vice Principal at The Plumcroft School, London Borough of Greenwich, London, UK

Former Educational Consultant and Schools Inspector, London Borough of Hackney, London, UK

Former Principal of The Lancasterian Academy, London Borough of Haringey, London, UK

**MESSAGE**

We are an educational hub where we support our members (children and staff) to turn dreams into reality. Providing young minds quality education and empowering them with skills to progress in this competitive world is our core aim. We have high aspirations for both our children and our staff. Satluj is a happy, friendly, safe and encouraging place where we work hard to ensure the best conditions for success for our school community. We strongly believe that achievement of all kinds should be celebrated and we want everyone to feel welcome and valued in a community where people care about each other and are kind. We are deeply committed in the on-going school improvement and to ensuring that all children have the best possible opportunities to strive to succeed.

**MANAGING DIRECTOR, SATLUJ GROUP OF SCHOOLS**

**MR. REEKRIT SERAI**

B.Com; BBA (University of the Fraser Valley, Canada); B.Ed (Panjab University)

MBA Educational Leadership (University College London, UK purs)

Co-Chair of Confederation of Indian Industries (CII) & Young Indians, Chandigarh

Founding Director of Panchkula Art and Literary Festival (PALF)

Co-Chair, Early Childhood Association, Haryana

Honorary Advisory Board Member, India Didactics Association (IDA)

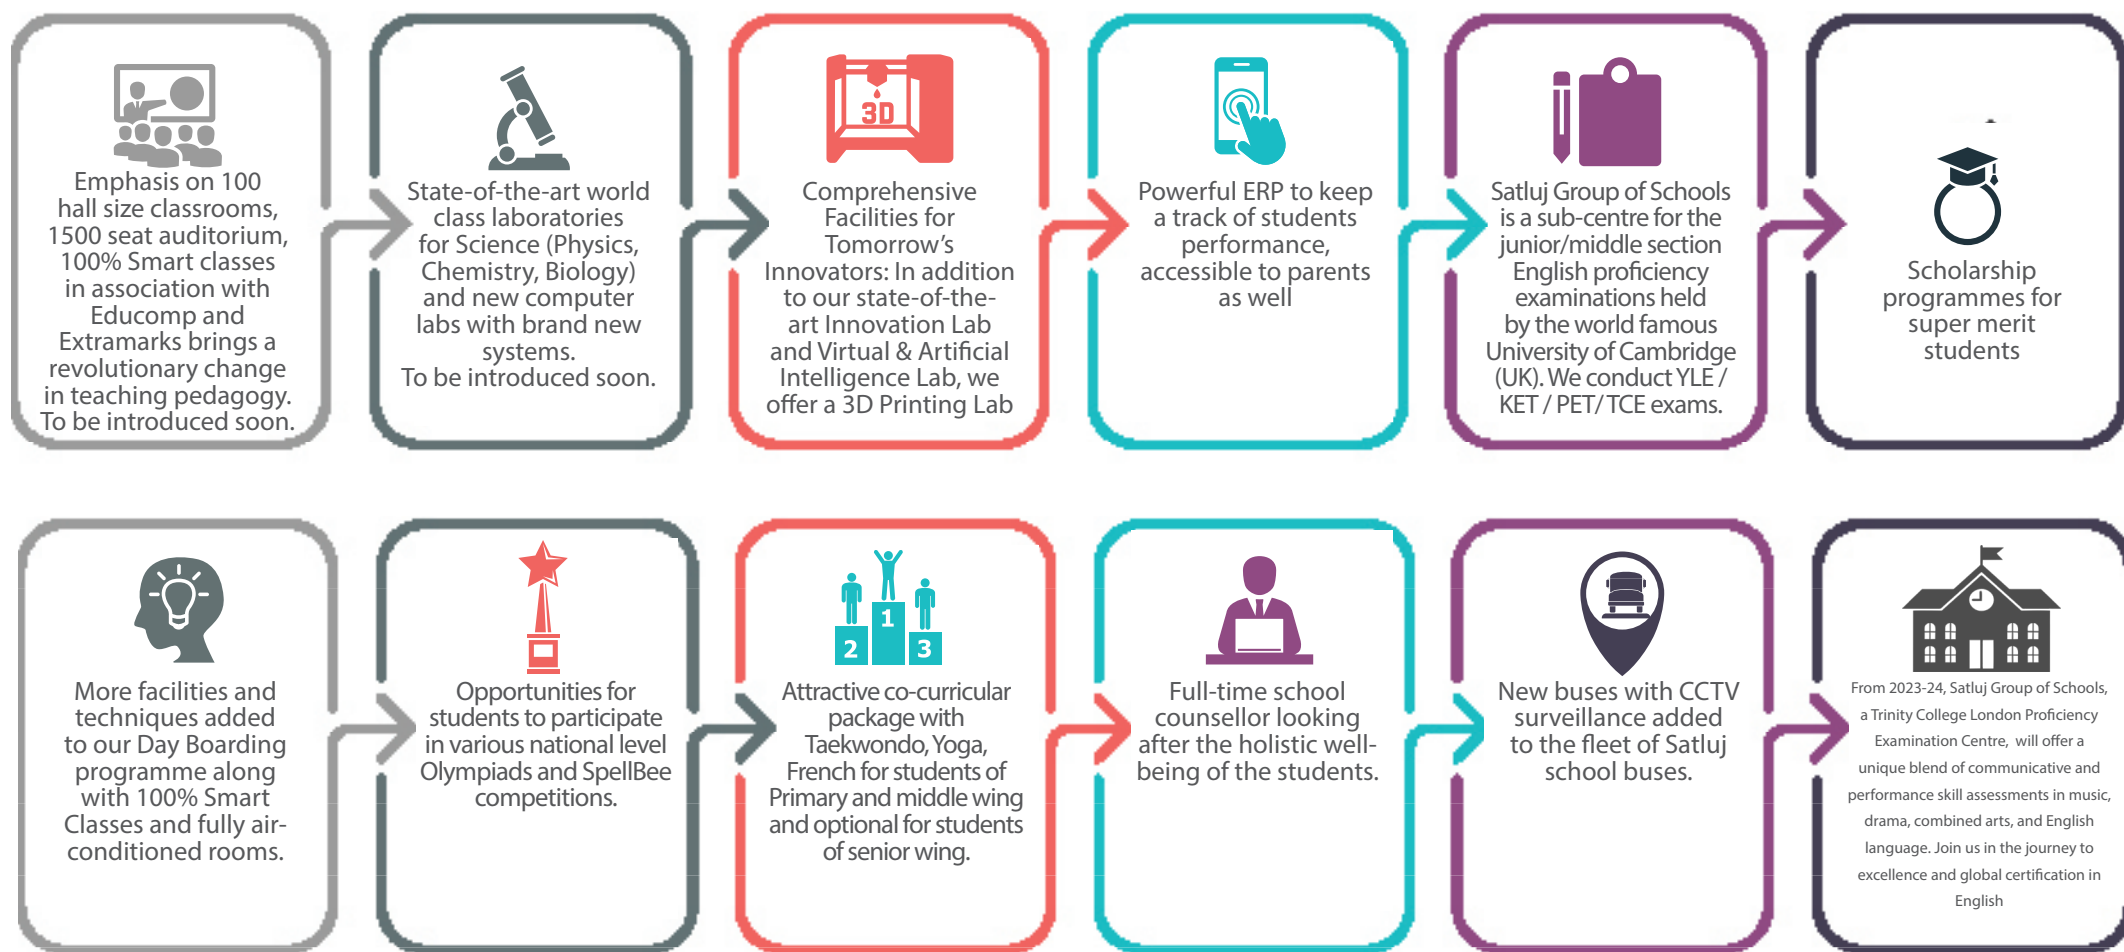

**MESSAGE**

At Satluj, we believe in creating visionaries. With our customized academic and co-curricular programmes, we ensure that each and every Satlujian is successful in their lives. We aim to create a conducive environment where the best global educational pedagogies are merged with technology, such as 3D Printing Lab Innovation Lab, Apps, Virtual Reality (VR), Augmented Reality (AR), Blockchain and many more – to ensure that all Satlujians are at the top of their game. We educate the students towards what we like to call 'The Satluj way of life' – a very futuristic approach to build a stronger nation of tomorrow. We do not compromise with the quality of education that is imparted to the students and therefore ensure a holistic development of the child.

# SATLUJ PUBLIC SCHOOL

# Special Features

- Direct admission and Inter-school transfer facility between all branches of Satluj Group of Schools across India
- Special academic tie-ups with leading global organisations such as Duke of Edinburgh (UK), Mangahigh Maths (UK) and MyKensho (Australia)
- Blockbuster CBSE Results across all branches
- One of North India's largest and oldest group of schools, founded in 1976
- Satlujians get access to top organisations and corporates, such as Confederation of Indian Industry (CII), Ficci, NassCom, Assocham, TIE, Rotary, etc.

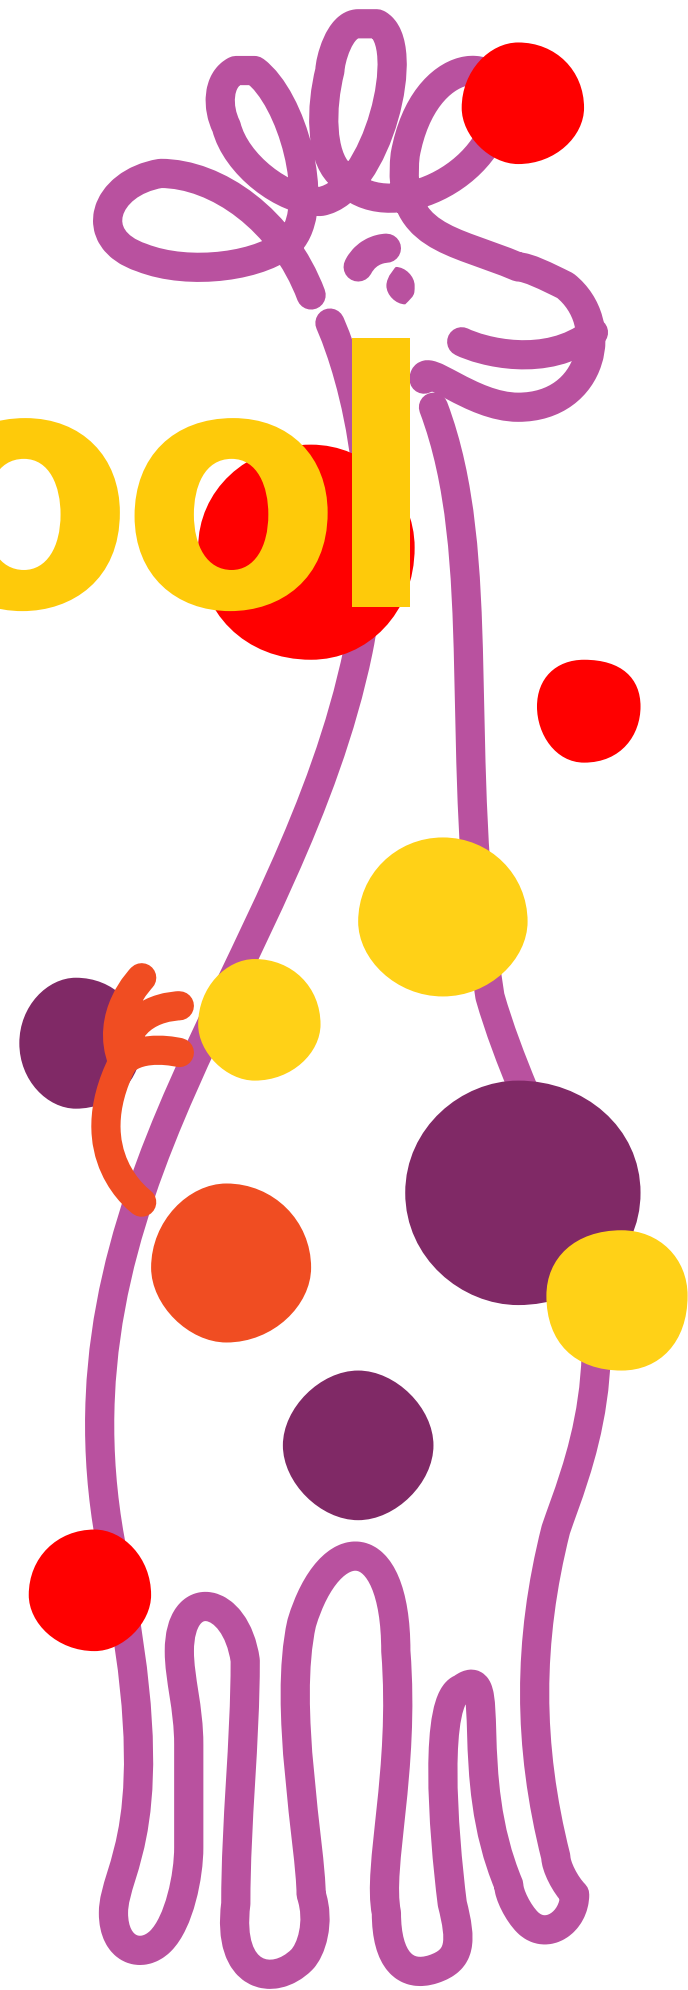

# Pre-School

The Pre-primary offers all round holistic development of the tiny scholars amidst an eco-friendly, child-centric ambience. Our aim is to provide the best possible opportunity to our budding stars and help them face the future challenges in the global world. Along with inculcating basic skills, the potential of a child is nurtured and enhanced towards the achievement of desired goals.

We work to cater to the needs of toddlers whose childhood is precious and deserves to be full of joy, play, lovely memories all of which could make their childhood unique. We welcome our children with love and enthusiasm.

In order to deliver the best early education experience to children, our methodology is crafted by curriculum and child psychology experts. We ensure that learning coincides with the development goal for every age so that children are joyfully engaged and are learning well.

# Primary

The primary wing is the building block of Satluj. These tiny scholars are the future of Satluj and by extension future of the nation. By the time they graduate from school, the world will not be what it is today. At Satluj, students are therefore, provided with a futuristic education with a skill-set that would make them employable in the future. We aim at the

holistic development of the child with an eco-friendly and child-centric environment. The knowledge imparted to the students is not just limited to the text, but goes beyond that. We give wings to their creativity and encourage them to come out of their protective shell to see the world and its boundless beauty.

## **SPECIAL FEATURES:**

- State-of-the-art campus for juniors
  - Highly qualified and trained staff
  - Play and Montessori methods of teaching
  - Innovative and creative worksheets
  - Kiddies corner
  - Provision of free medical check-up
  - Extensive facilities of indoor and outdoor games
  - Active participation in academic and cultural events
  - State-of-the-art IT labs equipped with latest technology
  - Evening clubs like Cricket, Taekwondo, Dance, Art.
  - Splash Pool, fully air-conditioned classrooms.
  - Smart Classes
  - Efficiently monitored school campus with complete CCTV surveillance.
- Play Station
  - Trips and tours included in the educational programme
  - Our staff has devised various skills and concepts which are highly desirable and essential to pre-school and primary education:
  - Visual and observational skills
  - Listening and concentration skills

  - Mathematical skills Abacus
  - Manipulative skills
  - Self-help skills
  - Social and emotional development
  - Information technology skills
  - Movies, videos shown through audio visual aids

# Middle

The middle wing at Satluj is dedicated to innovation. Students are given the freedom to be creative and find their own voice. We encourage students to be innovative and be curious. The students are acquainted with a lesson with the 'learning by doing' method. Hands-on practice is essential. Through various learning methodologies and beyond the classroom activities, learning is made fun and attractive here. Student-centred learning builds the crux of the academic programme. Here, we allow the students to discover themselves, build their personality and confidence. We prepare them for all trials they are about to face in life.

Classes V to VIII - Subjects : English, Mathematics, General Knowledge, General Science, Social Sciences, Hindi, Punjabi or Sanskrit, Art & Craft, Music, French, Health & Physical Education, Computer Science, Value Education, Environmental Studies.

Please Note :

- French language has been introduced for Classes V to VIII to enable pupils to compete internationally in a second foreign language. The subject will be given a grade with basic knowledge content.
- Pre-Nursery to VIII text books are based on project themes modelled on UK-American creativity enhancing method rather than memorisation. The syllabus is according to CBSE/NCERT.
- In Geography and History we arrange field trips to give a practical insight.
- All subjects have internal assessments which comprise upto 20%.
- XI/XII have practicals in most of the subjects varying from 30-70%.

# SECONDARY

Secondary level at Satluj is immensely crucial, as this is the time when we have to guide the students about the possibilities that they have in front of them. We stress on not just good but excellent board results, so that our Satlujians may have all higher education options open to them. We ensure to push them to the limit and give their personal best in whatever they aim to do.

Class IX & X Follow the central Board of Secondary Education, New Delhi.

## Main Subjects

- \* English
- \* Hindi or Punjabi
- \* Mathematics
- \* Science & Technology (Physics, Chemistry, Biology)
- \* Social Sciences (History, Civics, Economic & Geographic)
- \* Information Technology
- \* Marketing and sales

## Co- curricular Subjects

- \* Health & Physical Education
- \* Art Education
- \* Work Experience through community work, Computer Education, Music, Library etc.
- \* Environmental Studies
- \* Literary & Creative skills, Scientific Skills, Aesthetic Skills & Performing Arts

# SENIOR SECONDARY

**Class XI & XII Offers all the three Streams:**

## **Science**

- \* English      \* Physics      \* Chemistry      \* Mathematics/Biology
- \* Physical Education/Music/Fine Arts/Information Technology (Please select any two of four)      \* Marketing, mass media studies      \* Food Nutrition and Dietetics.

## **Commerce**

- \* English      \* Accounts      \* Business Studies      \* Economics
- \* Physical Education/Music/Fine Arts/Information Technology (Please select any two of four)
- Mathematics Additional (above 70% in X for Mathematics)
- \* Marketing

## **Humanities**

- \* English      \* Home Science/Sociology      \* Political Science/Music
- \* Fine Arts/Economics (For Economics, 80% and above in X S.St.)
- \* Physical Education      \* Information Technology
- \* Mass Media      \* Food & Nutrition

# Smart Class

# Digital Initiative For School

- Improves teacher's effectiveness and productivity.
- Improves academic performance of students.
- Brings abstract and difficult curriculum concepts of life.
- Enables instant formative assessment of learning outcomes in class
- Makes learning an enjoyable experience for students.
- Enables multi-sensory learning in classrooms.

### SPECIAL FEATURES TO BE INTRODUCED

- CBSE co-education 10+2
- Beautiful and stimulating environment with exquisite gardens
- Excellent state-of-the art Computer Labs equipped with latest technology
- World class Science Labs (Chemistry, Physics and Biology)
- Composite Science Lab
- Highly qualified staff
- 3D Printing Lab
- Innovation Lab with Artificial Intelligence (AI), Virtual Reality (VR) and Mixed Reality (MR)
- Teaching by using innovative and effective pedagogies and methodologies for all subjects offered
- Availability of all Major Streams (Science, Commerce and Humanities) in 10+2
- Excellent results with numerous students getting 90% (A1 and merit) marks in board examinations
- Exclusive rooms for super merit classes and special help for

below average pupils

- Conference rooms
- Best sporting facilities – Pool, Gym, Swimming, Horse Riding, Roller Skating, Lawn Tennis, Extensive playgrounds, Soccer, Hockey, Basketball Stadia, Badminton, Shooting, Taekwondo, Horse Riding, Cricket, Athletics, etc.
- Fine Arts and Music Complex with Dance studio, Music room and Home Science Lab
- Day boarding facility (optional)
- Career Fest with counsellors and foreign representatives from more than 500 universities, foreign and Indian, represented, which also include top-ranked ones in the world and India. The representatives from top Universities in UK, US, Australian, European and India including – Ashoka University, The University of Illinois at Chicago, Durham University, University of Leeds, University of the Pacific, American University Washington, DC, KU University of Kansas, AU Adelphi University and many more
- Multi-purpose hall with excellent staging facility
- Outdoor facilities with shady areas, lush green parks, flower beds, rose gardens

- Regular social events
- Continuous progress monitored and recorded
- School has its own app Schoolman to keep track of students' progress which is accessible to parents
- 3D Smart Classes
- Two Libraries with 40,000+ books
- 100% CCTV surveillance
- Fully air-conditioned classrooms
- District, State, National and International level opportunities for participation in co-curricular and sporting activities
- Multimedia theatre
- Open air theatre, stadia capacity 2000+
- Auditorium
- Evacuation Plan / Security System
- House system
- Reprographics equipment
- Excellent administrative office / front office / visitor room

# An Equal Opportunity

The School is committed to ensure that all students have access to excellent world class education. Some students need extra support and guidance, be they exceptionally brilliant or less inclined towards academics. Through constant monitoring, assessments and evaluation the needs of the students are identified.

## SUPER MERIT CLASSES

These students are selected on the basis of their exceptional performance in the school and board examinations. Pupils scoring above 90% marks, are selected to be part of the super merit section. Special extension classes are held for these students where the following facilities are provided:

- Scholarships
- Special assignments
- Question banks
- Subscribed home tutorials
- Special super merit rooms
- Privileges in academic activities
- Nominations for responsible positions of Head Pupils, Captains, Vice-captains, Prefects etc.

## EXTRA CLASSES

Students who need additional help are assisted by a team of special teachers. Through special programmes assignments, worksheets and remedial classes, the teachers work on areas where they need help. Their progress is constantly reviewed and differentiated study schemes are planned to meet the needs of individual students.

# Parents as Partners

The school relies on partnership with parents as an essential pre-requisite to maintain high standards and a happy atmosphere. The school maintains a close contact with parents through various channels:

- Regular parent-teacher meets
- Monthly information sheets and communication through the scholar's book, bulk SMS, bulk mailers and ERP
- Newsletters, School Souvenirs and Magazines
- Invitations to Annual Functions, Annual Sports Meet and School Fete
- Visiting hours
- Report Collection and Discussion days
- Schoolman app to track their ward's performance

## A WORD TO THE PARENTS

Parents are requested to ensure:

- Students are provided with the prescribed books, stationary, uniforms and their fees are paid on time.
- Students come to school regularly and punctually.
- Students devote sufficient time at home to prepare their lessons and complete home assignments.
- A constant watch by parents towards the academic attainment, developing mental attitudes and paying un-diverted attentions to their studies.

- Timely response to the reports and information sent from the school.
- Leave application of the ward is written/signed by the parents in case of absence.
- Contacts with teachers through the coordinator are suggested to the parents regarding their ward's progress, attendance and general behaviour.
- To incorporate spoken English alongside the mother tongue, in their daily interaction with their wards
- To encourage pupils to be aware of global, national and

regional important issues.

- To develop technological, scientific and creative skills in their wards.
- To ensure that the pupils participate in some sporting activity to develop physically.
- To ensure that students are up-to-date with trends, conversation and knowledge.
- The parents and children adapt according to changing times while maintaining our traditional values.

# Corporate Organization

A structured plan has been designed on the American British model to ensure efficient functioning of academic, co-curricular and extracurricular activities. For the development of potential of all students, the school is divided into various departments and committees which are supervised by the school management and teaching staff.

**Year Head:** Year heads are or will be appointed for Junior, Middle, Secondary and Senior Secondary sections. They are responsible for maintaining discipline, records of all academic and co-curricular activities of their respective sections.

**Head of Department:** For each subject, a head of department is assigned to maintain all relevant records and progress for the same

**Committees:** The management has appointed various committees to look after the affairs of the school which include:

**Spoken English** Committee

**Discipline** Committee

**Co-curricular** Committee

**Examination** Committee

**Decoration** Committee

**Cleanliness** Committee

**Uniform** Committee

**Trips and Tours** Committee

**Transport** Committee

**Safety** Committee

**Admission** Committee

**Editorial Board** Committee

**Cultural** Committee

**House System:** The school provides full opportunities to every child for his/her physical, mental and moral development. With this view, the school follows a house system. The students are divided into six houses which represent all corners of the country.

Inter-house competitions are held to enable students to take part in debates, dramatics, declamation, extempore, quiz, painting, dance, singing contests, school bulletins and sports activities.

All activities are well covered by the school information sheets and exhibition boards. The school offers a wide choice of co-curricular and extra-curricular activities.

**Co-curricular Activities:** To generate social interaction and develop creative skills, each student is expected to become a member of any two of the following societies which are currently functioning:

1. **Cultural** Society
2. **Dramatics** Society
3. **Music** Society
4. **Library** Society
5. **Maths** Club
6. **Science** Club
7. **Editorial** Board
8. **Eco** Club
9. **School** Parliament
10. **Computer** Club
11. **Trips and tours** Club
12. **Trekking** Club

# World Class Facilities

At Satluj, we are committed to offering the best facilities and extend opportunities to students to grow in a competitive environment. With this view, Satluj World School offers the following facilities:

- Beautiful campus with exquisite gardens.
- State-of-the-art world class Science Laboratories (Physics, Chemistry, Biology) with the latest up-to-date apparatus for Senior students
- Well-equipped Composite Science Lab for students of Middle wing
- Two new Computer Centres with Pentium Computers linked to a school wide network with visual displays and associated hardware, managed by professional company, Mlcrozone. High-speed internet and E-mail services are used by students and staff.
- State-of-the art 3D Printing Lab and Innovation Lab including the latest technologies like Artificial Intelligence (AI), Virtual Reality (VR), Mixed Reality (MR) and very soon Blockchain.
- Art and Craft, Pottery area, Drama Studio including Poetry area.
- Large halls with excellent staging facilities and big open air stadia to accommodate 2000 people.
- Two well-quipped libraries including latest encyclopaedia, publications and reference magazine sections.
- Home Science Laboratory with latest cooking appliances like microwave, ovens, gas cookers, etc.
- Audio-visual equipment in each classroom including Smart Class to optimize the teaching-learning experience.
- Multimedia Theatre
- International level Auditorium under construction.

# Excellent Sporting Facilities

Satlujians have been actively participating in Sporting events held in school and have also successfully represented the school in District, State and National levels. Satluj World School has the best sporting facilities provided by a school in this region:

- Basketball Court
  - Horse Riding club
  - Badminton courts

# School Timing

Summer	April to October	7:45am to 1:30pm
Winter	November- December	8:45am to 2:20pm
	January to March	9:00am to 2:30pm

**Note:** The timings are subject to minor adjustments due to circumstances or Government directives.

## EXCELLENT SCHOOL TRANSPORT COMPLYING WITH GOVERNMENT REGULATIONS

Satluj has its own fleet of school buses fully equipped with GPRS and CCTV surveillance. The bus service is provided within a 15 kilometre radius from the school. All the buses are well maintained. Each bus has its own First-Aid kits. Our drivers are qualified and specially trained with good traffic sense and maintain proper uniforms and identification badges. The school transport is provided door to door depending on road conditions. The school buses are of uniform colour as per the Government norms.

## ACTIVITY DAY: ALL WEDNESDAY

## INTERNATIONAL BOARD BASED CURRICULUM

The school is divided into five main academic blocks which are based on American and British concept of division of education – Pre-school, Primary/Junior, Middle, Secondary and Senior Secondary. The curriculum is based on rules and regulations prescribed by CBSE. The syllabi and curriculum has been designed to assist the overall and balanced development of students and easy assimilation of teaching. It caters to a wide variety of subjects to generate and maintain keen interest of the students. We believe in 'learning by doing' concept of knowledge acquisition and we inculcate the practical approach through SAD (Subject Awareness Drive), CDKS (Cross Domain Knowledge Sharing), AL (Applied Learning) and BTCL (Beyond the Classroom) activities.

# Classes & Courses of Study

## PREPARATORY CLASSES, PRE NURSERY, PLAY WAY, DAY CARE/CRECHE

  - Electronics, Maintenance and Repair of Electrical Gadgets, Wood Work, Gardening, Vocal and Instrumental Music, Metal Work, Photography, Paper Craft, Tailoring and Embroidery, Batik, Clay Modelling and Flower Arrangement, Community work, Environmental Sciences.

# Examination Scheme

The curriculum for Junior and Middle section is divided and based on American and British Semester system in which weightage is carried forward and added towards their annual examination. In this way, continuous progress is maintained throughout the year.

EXAMINATION SCHEME		
EXAMINATION	MONTH	SYLLABUS % COVERED
Weekly Assessment	Every Monday	15%
Home Assignments and Project work	July and January	5%
Term- 1	September	30%
Term – II	December	20%
Term - III	March	20%

**Note:**

- For classes Nursery to VIII, 10% weightage from each examination is reserved for the Annual examination evaluation.
- 10% weightage is reserved for Spoken English upto Class VIII
- Examination of Classes IX to XII will be based on rules and regulations prescribed by the CBSE, New Delhi.

# Evaluation

Continuous and comprehensive evaluation is conducted to provide a profile of the learner through assessment of both scholastic and non-scholastic aspects of evaluation. The school follows a five point evaluation scale according to the latest CBSE directive which is modelled on GCSE British School. Each grade of the scale refers to the following level of performance:

GRADE	RANGE	REMARKS
A+	95-100	Outstanding
A	90-94	Excellent
B+	80-89	Very Good
B	65-79	Good
C	50-64	Satisfactory
D	34-49	Average
O	BELOW 35%	Scope for improvement
